Course Description

This qualification reflects the role of Aboriginal and/or Torres Strait Islander people working at the entry level of primary health care for Aboriginal and/or Torres Strait Islander clients. Certificate III may be regarded by many jurisdictions as the minimum level for Aboriginal and/or Torres Strait Islander health work. In some jurisdictions, however, individuals may start at Certificate II level and, when ready, progress to Certificate III. The qualification structure for Certificate III supports both these options. This qualification is suited to Australian Apprenticeship pathways.
